KOMAL MAURYA

IT Fresher | Full-Stack Web Development

+91 8591240293 | komalmaurya09072005@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Entry-level IT professional with hands-on experience building full-stack web applications using React.js, Node.js, Express.js, MongoDB, and MySQL. Strong foundation in responsive user interface development, backend integration, database management, and problem-solving. Eager to contribute to a growth-oriented technology team while continuously strengthening software development skills.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript, React.js

Backend: Node.js, Express.js, PHP

Databases: MongoDB, MySQL

Additional: Basic Python, MS Office, Canva

PROJECTS

SketchNest - Art Learning Web Platform | *Full-Stack Web Application*

- Built a step-by-step art learning platform with structured learning phases, sketch uploads, comparison-based feedback, interactive challenges, ratings, and an artwork gallery.
- Connected responsive frontend interfaces with Node.js and Express.js backend services and used MongoDB for application data management.

Technologies: HTML5, CSS3, Bootstrap, JavaScript, Node.js, Express.js, MongoDB

KFOOD - Korean Food E-Commerce Website | *Full-Stack E-Commerce Application*

- Developed a responsive e-commerce platform with product browsing, wishlist, user authentication, and order management features.
- Created themed discovery sections including Drama Bites, Popular Foods, and Idol Meals to improve product exploration and user engagement.

Technologies: React.js, Node.js, Express.js, MongoDB, HTML5, CSS3, JavaScript
